Brush Up On Brush Collection

College Station offers a weekly Clean Green Brush Collection. Heavy brush collected is taken to the Bryan Compost Facility to be shredded and composted, or recycled into a soil amendment or natural fertilizer. College Station supports the Don't Bag It! Lawn care program by encouraging citizens to leave grass clippings on the lawn.

Bulky Item Collection

College Station provides weekly bulky item pick up. Bulky items include items too large to fit in your garbage cart such as kitchen appliances, furniture and flattened cardboard. All refrigerators, freezers, & air conditioners must have freon extracted prior to pickup. Place bulky items within 3-ft of the curb in a location easily accessible to the collection vehicle and separated from brush piles or recycling bags. To locate facilities accepting freon or donation facilities for reusable items visit our online Recycling Directory.

Household Hazardous Waste Collection

BVSWMA sponsors a semi-annual collection. Events are provided *FREE* to residents of the Brazos Valley as a means to safely dispose of hazardous household items. For examples of HHW items, visit their website and click on the Hazardous Waste link.

Sanitation Services

Don't Dump It!

Used motor oil and filters can be recycled at the Used Oil Recycling Center located at the Public Services Center, 2613 Texas Avenue South (behind the Police Department). Recycling is the only proper and legal method of disposal for used motor oil and filters.

Bag & Tie so TRASH won't Fly

Automated Garbage Collection is provided once a week. Each residence is provided an automated garbage cart that should be rolled to the edge of the curb by 8 a.m. on the scheduled day. All garbage placed in the cart **must be bagged**. City Ordinance requires the carts to be removed from the curb within 12 hours of collection.

Let It Rot! Compost

The Brazos Valley Solid Waste Management Agency offers a **Master Composting Training Program**. This is a three day course providing an opportunity for hands-on experience, lectures by guest speakers, instructional materials, and an overview of the latest composting tools and techniques. For more information or to register for this class, call (979) 764-3806.

College Station Recycles... *Do You?*

College Station's weekly curbside recycling program currently services over 15,000 houses, duplexes and fourplexes. Accepted materials include magazines, newspapers, aluminum and steel cans, glass (clear and brown), translucent plastic bottles #1 and #2 and lead-acid batteries. Materials placed in the provided clear plastic bags will be collected for recycling. To order more bags place the yellow reorder sticker on a full bag set out for collection.
